INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS **REQUIRED BY THE UNIFORM GUIDANCE**

June 15, 2022

Honorable Members of the **Board of Commissioners** County of Kent Grand Rapids, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Kent, Michigan (the "County"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated June 15, 2022 which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Notes to Schedule of Expenditures of Federal Awards

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the County of Kent, Michigan (the "County") under programs of the federal government for the year ended December 31, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position or cash flows of the County.

The County's reporting entity is defined in Note 1 of the County's Annual Comprehensive Financial Report. The County's financial statements include the operations of the Kent County Road Commission and the Gerald R. Ford International Airport Authority discretely-presented component units, which received federal awards that are not included in the Schedule for the year ended December 31, 2021, as these entities were separately audited.

Expenditures reported on the Schedule are reported on the accrual basis of accounting, which is described in Note 1 to the County's financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance or other applicable guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

2. 10% DE MINIMIS COST RATE

For purposes of charging indirect costs to federal awards, the County has elected not to use the 10% de minimis cost rate as permitted by §200.414 of the Uniform Guidance.

3. PASS-THROUGH AGENCIES

The County receives certain federal grants as subawards from non-federal entities. Pass-through entities, where applicable, have been identified in the Schedule with an abbreviation, defined as follows:

| Pass-through Agency | |
|------------------------|--|
| Abbreviation | Pass-through Agency Name |
| | |
| MDE | Michigan Department of Education |
| MDHHS | Michigan Department of Health and Human Services |
| CGR | City of Grand Rapids, Michigan |
| WYO | City of Wyoming, Michigan |
| SCAO | Michigan State Court Administrative Office |
| MSP | Michigan State Police |
| EGLE | Michigan Department of Environment, Great Lakes and Energy |
| HWMUW | Heart of West Michigan United Way |

Notes to Schedule of Expenditures of Federal Awards

| LRE | Lakeshore Regional Entity |
| WMRMC | West Michigan Regional Medical Consortium |

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

June 15, 2022

Honorable Members of the Board of Commissioners County of Kent Grand Rapids, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the *County of Kent, Michigan* (the "County"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 15, 2022. Our report includes a reference to other auditors who audited the financial statements of the Kent County Road Commission and Gerald R. Ford International Airport Authority, discretely presented component units, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

June 15, 2022

Honorable Members of the Board of Commissioners County of Kent Grand Rapids, Michigan

Report on Compliance for Each Major Federal Program

Qualified and Unmodified Opinions

We have audited the compliance of the *County of Kent, Michigan* (the "County") with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on the each of the County's major federal programs for the year ended December 31, 2021. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. The County's basic financial statements also include the operations of the Kent County Road Commission which received certain federal awards which are not included in the schedule of expenditures of federal awards for the year ended December 31, 2021. Our audit, described below, did not include the operations of the Kent County Road Commission because it arranged for a separate financial statement audit and did not meet the criteria for a single audit. The County's basic financial statements also include the operations of the Gerald R. Ford International Airport Authority which received \$16,179,451 in federal awards and which are not included in the schedule of expenditures of federal awards for the year ended December 31, 2021. Our audit, described below, did not include the operations of the Gerald R. Ford International Airport Authority because the entity arranged for a separate audit in accordance with the Uniform Guidance.

Qualified Opinion on HOME Investment Partnership Program (ALN 14.239)

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its HOME Investment Partnership Program (ALN 14.239) for the year ended December 31, 2021.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs for the year ended December 31, 2021.

Basis for Qualified and Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Independent Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Matter Giving Rise to Qualified Opinion on HOME Investment Partnership Program (ALN 14.239)

As described in item 2021-001 in the accompanying schedule of findings and questioned costs, the County did not comply with the Subrecipient Monitoring requirement applicable to its HOME Investment Partnership Program (ALN 14.239). Compliance with this requirement is necessary, in our opinion, for the County to comply with the requirements applicable to that program.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

Independent Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the County's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal
 control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing
 an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such
 opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matter

The results of our auditing procedures disclosed another instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2021-002. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the County's responses to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Independent Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2021-001 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2021-002 and 2021-003 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the County's responses to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned CostsFor the Year Ended December 31, 2021

Schedule of Findings and Questioned CostsFor the Year Ended December 31, 2021

SECTION II – FINANCIAL STATEMENT FINDINGS

None reported

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2021

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2021-001 - Subrecipient Monitoring

Finding Type. Material Noncompliance / Material Weakness in Internal Control over Compliance (Subrecipient Monitoring).

Program. HOME Investment Partnership; U.S. Department of Housing and Urban Development; Assistance Listing Number 14.239; Award Numbers M-16-DC-26-0221, M-17-DC-26-0221, M-18-DC-26-0221, M-19-DC-26-0221 and M-20-DC-26-0221.

Criteria. Recipients of federal funding that pass through grant funds are expected to monitor any subrecipients to provide reasonable assurance that the subrecipients are complying with the requirements of the federal award being passed through. Among those requirements are a) during-the-award monitoring of compliance with requirements that could have a direct and material effect on compliance, and b) ensuring that subrecipients are complying with the audit requirements included in the Uniform Guidance. The pass-through entity is also responsible for issuing management decisions related to any related findings noted in the subrecipient audit and ensuring that timely and appropriate corrective action is taken.

Condition. Although fiscal monitoring related to HOME subrecipients was completed by the County's Office of Fiscal Services, including review of monthly reporting and expenditure testing, programmatic monitoring activities covering various applicable compliance requirements was not conducted during 2021. The applicable compliance areas not monitored included eligibility and special tests and provisions requirements related to ensuring housing quality standard and wage rate requirements. Additionally, risk assessment was not documented for one of the two subrecipients selected for testing (out of a total population of five).

Cause. The cause of this condition appears to be a lack of understanding, by the former staff members, of the importance of monitoring specific subrecipient activities.

Effect. The lack of monitoring failed to provide reasonable assurance that the subrecipient complied with the eligibility and special tests and provisions that are direct and material to the compliance of this program.

Questioned Costs. The total amount passed through to subrecipients for which inadequate monitoring was performed was \$1,146,003.

Recommendation. The County should revise its standard monitoring procedures to ensure that all applicable requirements for each of its federal programs are considered in the subrecipient monitoring process.

View of Responsible Officials. The County is aware of the monitoring issue for the HOME Investment Partnership program and has hired an independent third party to conduct monitoring on behalf of the County. The issue with incomplete subrecipient monitoring is specific to this program and is not representative of subrecipient monitoring that was completed for other Federal Funding Sources such as the Coronavirus Relief Fund.

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2021

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2021-002 - Housing Quality Standards (HQS) Inspections

Finding Type. Immaterial Noncompliance/Significant Deficiency in Internal Control over Compliance (Special Tests and Provisions).

Program. Housing Voucher Cluster; Housing Choice Vouchers; U.S. Department of Housing and Urban Development; Assistance Listing Number 14.871; Award Numbers MI198VO and MI98FS

Criteria. Public housing agencies (PHAs) must inspect the unit leased to a family at least annually to determine if the unit meets HQS and the PHA must conduct quality control re-inspections. The PHA must prepare a unit inspection report. Due to Regulation 24 CFR 982.405, 983.103, PHAs have the discretion to conduct unit inspections biennially rather than annually, for the Housing Choice Voucher programs.

Condition. 1 out of 40 tenants selected for testing did not receive an HQS inspection within the two year window as of December 31, 2021. This tenant did not appear on the appropriate reports that would have generated inspection letters to be sent, and so was overlooked in the process.

Cause. The cause of this condition appears to be a deficiency in the tracking process of tenants and units that are due for HQS inspections.

Effect. Because of this condition there was an increased risk that required inspections would not be completed timely.

Questioned Costs. The total amount of Housing Assistance Payments made to this tenant during 2021 was \$10,455.

Recommendation. The County should update its tracking process for determining which units are due for HQS inspection, so that all units that have not been inspected within the two year window will be considered.

View of Responsible Officials. The County is aware of the issue and has taken steps to shore up its reporting process for HQS inspection. This unit is now on the calendar for inspection in 2022.

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2021

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2021-003 - Food Distribution Site Assessment Reports

Finding Type. Significant Deficiency in Internal Control over Compliance (Special Tests and Provisions).

Programs. Food Distribution Cluster; Commodity Supplemental Food Program; U.S. Department of Agriculture; Assistance Listing Number 10.565; passed-through the Michigan Department of Education.

Food Distribution Cluster; Emergency Food Assistance Program; U.S. Department of Agriculture; Assistance Listing Numbers 10.568 and 10.569; passed-through the Michigan Department of Education.

Criteria. Based on the State of Michigan guidance, non-federal entities that receive food commodities under these programs are required to conduct monitoring on all distribution sites at least annually.

Condition. Although the required site assessments were performed, 11 out of the 12 tested had clerical errors noted in the forms. In addition, none of the forms that were selected for testing bore evidence of independent review. None of the errors resulted in a situation that would have caused a distribution site to be materially out of compliance.

Cause. The cause of this condition appears to be time constraints on staff responsible for reviewing the forms for accuracy and completeness.

Effect. Because of this condition there was an increased risk that site assessment forms could contain errors that would not be identified and corrected in a timely manner.

Questioned Costs. No costs are required to be questioned as a result of this finding.

Recommendation. When completed, site assessment reports should be reviewed and approved by an independent member of the program staff.

View of Responsible Officials. Management has reviewed its existing procedures and has already made revisions, as appropriate, to ensure that all applicable requirements are considered in the monitoring process.

Summary Schedule of Prior Audit FindingsFor the Year Ended December 31, 2021

CORRECTIVE ACTION PLAN

Certain matters were brought to our attention as a result of the audit process. These are described more fully in the Schedule of Findings and Questioned Costs. We evaluated the matters as noted below and have described our planned actions as a result.

2021-001 - Subrecipient Monitoring

Auditor Description of Condition and Effect: Although fiscal monitoring related to HOME subrecipients was completed by the County's Office of Fiscal Services, including review of monthly reporting and expenditure testing, programmatic monitoring activities covering various applicable compliance requirements was not conducted during 2021. The applicable compliance areas not monitored included eligibility and special tests and provisions requirements related to ensuring housing quality standard and wage rate requirements. Additionally, risk assessment was not documented for one of the two subrecipients selected for testing (out of a total population of five). The lack of monitoring failed to provide reasonable assurance that the subrecipient complied with the eligibility and special tests and provisions that are direct and material to the compliance of this program.

Auditor Recommendation: The County should revise its standard monitoring procedures to ensure that all applicable requirements for each of its federal programs are considered in the subrecipient monitoring process.

Management Assessment. We concur with the audit assessment regarding this matter. The issue with incomplete subrecipient monitoring is specific to this program and is not representative of subrecipient monitoring that was completed for other Federal Funding Sources such as the Coronavirus Relief Fund.

Planned Corrective Action. The County is aware of the monitoring issue for the HOME Investment Partnership program and has hired an independent third party to conduct monitoring on behalf of the County.

Responsible Party. Community Action Department staff

Date of Planned Corrective Action. June 2022

2021-002 - Housing Quality Standards (HQS) Inspections

Auditor Description of Condition and Effect: 1 out of 40 tenants selected for testing did not receive an HQS inspection within the two year window as of December 31, 2021. This tenant did not appear on the appropriate reports that would have generated inspection letters to be sent, and so was overlooked in the process. Because of this condition there was an increased risk that required inspections would not be completed timely.

Auditor Recommendation: The County should update its tracking process for determining which units are due for HQS inspection, so that all units that have not been inspected within the two year window will be considered.

Management Assessment. We concur with the audit assessment regarding this matter.

Planned Corrective Action. The County is aware of the issue and has taken steps to shore up its reporting process for HQS inspection. This unit is now on the calendar for inspection in 2022.

Responsible Party. Community Action Department staff

Date of Planned Corrective Action. June 2022

2021-003 - Food Distribution Site Assessment Reports

Auditor Description of Condition and Effect: Although the required site assessments were performed, 11 out of the 12 tested had clerical errors noted in the forms. In addition, none of the forms that were selected for testing bore evidence of independent review. None of the errors resulted in a situation that would have caused a distribution site to be materially out of compliance. Because of this condition there was an increased risk that site assessment forms could contain errors that would not be identified and corrected in a timely manner.

Auditor Recommendation: When completed, site assessment reports should be reviewed and approved by an independent member of the program staff.

Management Assessment. We concur with the audit assessment regarding this matter.

Planned Corrective Action. Management has reviewed its existing procedures and has already made revisions, as appropriate, to ensure that all applicable requirements are considered in the monitoring process.

Responsible Party. Community Action Department staff

Date of Planned Corrective Action. June 2022
